

Improving food & health

STI-12

Product Specification

Form: Freeze-dried DVS
Item no: 697990
Culture
Composition: Streptococcus thermophilus

Performance

pH 4h, 37 °C, 500U/5000L Inoculation

Specification

5.0 - 5.4

Contaminants are tested and controlled in a relevant combination of samples from the environment, process or products. The set-up is based on HACCP principles as stated in the ISO 27205 I IDF 149:2010 to guarantee that the product fulfills the following specifications

Purity

Non lactic acid bacteria cfu/g
Yeasts and moulds cfu/g
Enterobacteriaceae cfu/g
Coagulase-positive staphylococci cfu/g
Listeria monocytogenes
Salmonella spp.
