## P.R. PR-4

### Product Specification

**Form:** Swing  
**Material No:** 720858  
**Culture**  
**Composition:** Penicillium roqueforti

#### Performance

Total cell count cfu/U

#### Specification

$\geq 1.2E+9$

Contaminants are tested and controlled in a relevant combination of samples from the environment, process or products. The set-up is based on HACCP principles as stated in the ISO 27205 | IDF 149:2010 to guarantee that the product fulfills the following specifications

#### Purity

Mesophilic aerobic total count cfu/g  
Foreign yeasts cfu/g  
Foreign moulds cfu/g  
Enterobacteriaceae cfu/g  
Enterococci cfu/g  
Coagulase-positive staphylococci cfu/g  
Listeria  
Salmonella
